THE UNK WEED REMEDY, OR OREGON RHEUMATIC CURE.

HISTORY.

This Remedy is composed of the active principle of the Unk Weed, Eng.—Thaspium Cordatum Originis, Lat.—indigenous to Oregon. Grows most abundantly and perfectly in Washington Co.

PROPERTIES, Etc.

It contains an ACTIVE VOLATILE Principle, extracted by Ether, and a bitter TONIC Principle, soluble in Alcohol.

Medical Properties and Uses.

It is the most sure and speedy cure for *Rheumatism, Rheumatic Gout, and Rheumatic Pains* of all kinds that was ever introduced in the Materia Medica. THE UNK WEED REMEDY, as prepared by us, in consequence of the existing bitter principle, possesses the necessary virtue of being a

POWERFUL TONIC,

Promoting the Appetite and Invigorating the whole Digestive Apparatus, thus Building up and Strengthening the system, while at the same time the volatile principle, being absorbed in the blood, acts specifically on the Rheumatic Poison, removing it from the circulation and system.

There are a few remedies known to the Medical Profession which will remove the Rheumatic Poison from the blood, but whose action is so powerful in depressing the system of the already enfeebled Rheumatic patient, that their use has to be abandoned before specific effects are obtainable, hence the want of success in treating this prevalent, and in consequence heretofore incurable disease. Unlike these Medicines, already known, the

UNK WEED REMEDY,

though producing as powerful and as active effects on the blood and system in removing the Rheumatic Poison, also possesses a strong Tonic and recuperating element which admits of its continued use even by the most Delicate and debilitated. Thus we have the combination for the first time of these Two Necessary Elements in one remedy, which accounts for its Superior and never-failing curative effects in

Rheumatism, Rheumatic Gout, and Rheumatic Pains of all kinds.

### To the Electors of Vancouver Island District.

GENTLEMEN:—In response to the solicitation of a number of prominent gentlemen residing in the different settlements of your Electoral District to offer myself as a candidate to represent your interests in the House of Commons, I have, after mature consideration, consented to do so, and have now the honor to solicit your suffrages at the approaching election.

The measures that a member of the House of Commons may be called on to deal with being different from those of a member of the local Legislature, being in their nature more national, it is doubtless expected that as a candidate should advert to at least some of them that more directly concern your interests. I will say, then, that having been one of the earliest advocates of a Canadian Transcontinental Railway, I shall, if elected, consider it to be my paramount duty in view of making it a grand national success, to insist that the Terminus shall be at Esquimalt, and that the line shall traverse the entire Vancouver Island Coast to the Island from Johnson Straits.

Under the Terms of Union with the Dominion, it is the province of the local legislature, and not of the Dominion Parliament, to decide as to the kind of tariff that the people of British Columbia deem to be best suited to their varied industrial interests, during the next ten years. Should, however, the question come before the Dominion Parliament, I shall endeavor to have the tariff so framed as to meet with the concurrence of the agricultural, mining, and commercial interests of your district.

As the Dominion now possesses exclusively the right to manage our postal and telegraphic affairs, I shall endeavor to secure for the Eastern Coast a bi-weekly mail steamer of a superior class to the one now plying on the coast,—and also better mail facilities in each Settlement, and as I deem it to be of great importance commercially to have the most rapid means of transmitting intelligence between Nanaimo and Victoria, I shall urge on the Federal Government the importance of the early construction of a telegraph line to connect the two principal towns in the Province.

The increasing importance of the commerce of the Gulf of Georgia renders it necessary to have more Lighthouses. I shall therefore make the most strenuous exertions to induce the Federal Government to build a lighthouse at Nanaimo at an early date, and to erect others elsewhere, as soon as possible, to insure greater safety and certainty in navigating the Gulf.

With respect to the Indians, I will urge that they be settled on Reservations, under the superintendence of Government Agents, where they may, with the assistance of the Government, be taught the arts of civilization, and thus have their social, moral, and religious conditions rapidly improved.

The question of the early construction of a Marine Hospital at Nanaimo, I deem to be deserving of serious consideration.

The Geological Survey now begun will doubtless be of great practical advantage to the country,—and anything that I may be able to do to insure the geological exploration of the vast mineral wealth of your district shall not escape my attention.

The Fisheries along our coasts promise to become very profitable, and as the Dominion Government has agreed to extend its protection and encouragement to that valuable and important branch of industry, I will endeavor to secure for your district its full share of any aid that may be appropriated for that purpose.

Not being able at this time to explain my views at greater length, I will take an early opportunity to meet you personally and collectively in the different settlements, when I may bring under your notice other questions of a Provincial and Dominion character.

In conclusion, Gentlemen, if you should do me the honor to return me to the House of Commons as your representative, I pledge myself to faithfully serve your interests to the best of my ability.

I have the honor to be, Gentlemen, Your obedient servant,

ROBERT WALLACE.

Victoria, B.C., August 3d, 1871. au5

### To the Electors of the Yale-Lytton District.

GENTLEMEN:—Having been requested by a number of electors to become a candidate for the representation of this district, I have great pleasure in complying with this request, and beg to solicit your votes and support. It is customary on such occasions for candidates to express their views and opinions on leading issues of the day and in deference to this custom I beg to offer for your approval the following policy.

I am prepared to advocate:

1st Repeal of the Provincial Civil List Act.
2d Repeal of the Qualification of Voters' Act.
3d Amendment of the Registration of Voters' Act.
4th A National System of Free Schools.
5th Half Communication and Good Roads to outlying Settlements.
6th Local Road Boards, having power to issue contracts to settlers.
7th Assimilation of our Pre-emption Law with the Free Land System of Canada.
8th Government assistance to farmers for irrigating purposes.

I am opposed to all private legislation for the purpose of granting monopolies, as I consider them to be detrimental to the interests of the community and at variance with the principles of sound political economy.

In conclusion I assure you that I shall deem it a pleasure as well as my duty to support all measures calculated to develop the resources of this district and of the Province generally.

I have the honor to be, Gentlemen, Your obedient servant

WM. H. KAY.

Cache Creek, B. C., August 5, 1871.

### To the Electors of Yale-Lytton District.

GENTLEMEN:—Having been requested by a number of the electors, to allow myself to be nominated as one of your representatives in the Legislature for the Province of British Columbia, after due consideration, I have much pleasure in acceding to that request, and should you deem me worthy of that honor, shall if elected, at all times make it my study to support all measures as will promote your interests and those of the country at large.

I am in favor of increased postal communication and a liberal non-sectarian school system; the abolition of road tolls; improving and making of trails and wagon roads to agricultural and mining districts; increased facilities for the pre-emption of land. I would oppose the permanent Civil List Bill and all extravagant expenditure of public money.

I have at present merely touched on those subjects that occupy the first place in the public mind; but shall be happy at any future time to hear your views and express my own more fully.

I have the honor to be, Gentlemen, Your obedient servant,

GEORGE COXON.

Quesnelle, July 28th, 1871. au14

### To the Electors of Yale-Lytton and Kootenay District.

GENTLEMEN:—In compliance with the request of a number of the electors of the above district, I have much pleasure in offering myself as a candidate for the honor of representing you in the House of Commons at Ottawa.

Your interests being so closely identified with my own affords you the surest guarantee that they will at all times receive my best attention and support; but as it is difficult to say at present what matters may come before the House at Ottawa, this session, I shall confine my remarks to a few leading subjects, which I consider most essential to the welfare of this Province, and especially that portion of it which I seek to represent.

I shall endeavor to procure a regular and efficient Mail Service throughout the populous portions of the District.

I shall support any measures brought forward by the Local House for the establishment of a Liberal School System throughout the Province and the appropriation of the necessary funds from the general revenue.

I am in favor of the appointment of County Court Judges in this Province.

I am opposed to the Civil List Act in its present form and should it become matter for legislation at Ottawa I shall advocate its repeal or amendment.

I shall give my support to the Dominion Government so long as it continues fairly and honestly to carry out the terms of Union, especially with regard to the construction of the Canadian Pacific Railway.

In conclusion I promise that should you do me the honor of entrusting me with your interests, I shall at all times endeavor to prove myself worthy of your confidence.

I have the honor to be, Gentlemen Your obedient servant,

C. F. HOUGHTON.

### To the Electors of the Electoral District of Yale-Lytton.

GENTLEMEN:—In reply to your request, I have much pleasure in coming forward as a Candidate to represent you in the next new Legislative Assembly, and in such a case, will my political views are:

Canadian Tariff, Repeal of Civil List Act, Repeal or Radical Amendment of Registration Act, Liberal School System on a non-sectarian principle, the construction of Roads, bridges and ferries, in the different districts both mining and agricultural. And to faithfully attend to the best interests of my constituents and promote the general welfare.

I am gentlemen, yours faithfully

VANCOUVER ISLAND DISTRICT.

To the Electors of Soke, Lake, Saanich, Cowichan, Salt Spring, Nanaimo and Comox.

GENTLEMEN:—While travelling through your district in July last, I was the recipient of the great honor of being proposed to offer myself as a Candidate for the Parliament of the Dominion, of which this Province now so happily forms a part.

In soliciting your support at the forthcoming election it becomes my duty to express my views on Dominional politics, having a direct bearing upon the interests of British Columbia, which I shall do as briefly as possible.

I shall be a staunch supporter of the present Government of Canada so long as that Government shall administer the affairs of this Dominion in general, and of this Province in particular, in a satisfactory manner.

Knowing the feasibility of the Canadian Pacific Railroad from personal observation along the greater part of the probable line of route, and having advocated such an enterprise in the *Victoria Journal*, published in Ontario, as well as on this coast for the past twenty years, I shall endeavor, by every means in my power, to bring that grand undertaking to a successful termination at Esquimalt or some other harbor on Vancouver Island.

I may here say that I am not in favor of introducing Coolie labor either on the Railroad or other public works and will strenuously resist any attempt in that direction.

Should the Tariff problem not be solved by the Local Legislature, but a modification of the Canadian Tariff, in so far as agricultural produce is concerned, recommended, I shall make every possible effort to secure its adoption by the Federal Parliament.

I am fully of the opinion that the Federal Government will place mail communication on a thoroughly efficient footing from Soke to Comox long before the reopening of Parliament; should this, however, not be the case, I shall, if elected your representative, see to it, that every settlement is duly cared for in this important particular.

The subject of immigration is one of great moment and shall always have my most earnest support both in the House and elsewhere—with increased demand for agricultural produce, farm laborers will be required in every settlement. There will soon locate on unoccupied lands, together with men of small capital and in their turn become producers. Their places will then have to be filled by others so that a steady stream of immigrants from the Eastern Provinces of Canada, would be the greatest possible boon to this portion of the Dominion.

The early commencement and completion of a Dry Dock at some Island port, and I think Nanaimo has a strong claim upon me, for it shall not be overlooked.

I shall advocate Vote by Ballot at Municipal, Local and Federal elections till that great reform becomes law of the land.

Telegraphy, Lighthouses, Harbor Improvements, Hospitals, Asylums, Penitentiaries of the Fisheries, Geological and other surveys, together with the Indian question and other subjects that will be continually presenting themselves, shall have my constant consideration and advocacy wherever conducive to the material prosperity of the Province in general and my constituents in particular.

I rest my claims upon your support gentlemen, on my long residence in the Eastern Provinces and on this coast; my intimate knowledge from actual travel of the wants of every agricultural and nearly all the mining districts of the province—my unswerving support of Confederation and the Railroad since '59, and my having no special connection with any particular interests, commercial, agricultural or mining. I am enabled thus to look at questions from all from an independent and impartial stand point, and in advocating their best interest to assist in raising this province of glorious climate and resources to the proud elevation it will soon attain as the Western outlet of the Great Dominion.

I have the honor to be gentlemen, yours very obediently

JOHN JESSOP.

## A Patriotic National Policy.

We yesterday drew attention to an extract from the *People's Journal*, on the subject of protection to farmers,—and the way in which political parties are acting with respect to a national policy of protection. To-day we have much pleasure in drawing attention to an extract from the Montreal *Star*, in which it sets forth its position on protection to manufacturing industry. It is deserving of the attention of our people as well as of those of the Atlanic Provinces; for if ever the Dominion should rank high in the scale of nations it will be by protecting her industry; not by free trade theories. What makes the United States so great an attraction to-day for immigrants is the market she provides for labor by the protection she affords to her artisans, by her tariff. Every struggle through which the United States has gone, from the Revolution of 1776 to 1861, has only stimulated her industry,—till to-day she is one of the most self-supporting, independent nations on earth. If Canada wishes to march towards the highest state of a modern nation, in industry, she must have a "patriotic national policy"—one that will protect her industry,—one that will produce at home instead of importing from abroad. Canada cannot grow oranges and sugar cane; but it can make and grow everything that England and the Northern States can, and consequently there is no reason why she should be dependent on those nationalities for manufactured goods. At any rate, in the following extract is the programme of the Ontario protectionists,—a party that ere long will become renowned as the party representing the largest capital, and all the manufacturing industry of the Dominion. Here is the extract from the *Star*:

"Some of our contemporaries are gravely informing their readers that a movement is on foot in the Dominion to urge the adoption by Government of a "high protective tariff." We know that the "movement" referred to is the stand taken by us and many of our contemporaries on the momentous question of how best to build up our manufacturing interests and develop the resources of the country. The stand taken is simply that embodied in the following resolutions, passed at a meeting of the Ontario Association for the promotion of Canadian Industry, held at Toronto on December 21st, 1870:—

*Resolved*,—That the principle of moderate incidental protection to home manufactures is a sound one, being in its operation calculated to meet revenue requirements, while stimulating industry generally and furnishing diversity of employment to the people, and is specially adapted to the circumstances of a new country like Canada.

*Resolved*,—That the Customs tariff of the year 1859 was in a general way well adapted to the country's circumstances, and that it is for the public interest that the 20 per cent. list of that tariff be restored, with other alterations calculated to promote such manufactures as can be beneficially carried on in Canada.

*Resolved*,—That it is desirable to balance the increase of duties on manufactured goods by reducing largely the duties on tea, coffee, sugar, spices, and such like natural products of tropical or distant countries, which do not come in competition with any productions of our own, and which are every-day necessaries of life to our own people.

Not a single journal in the Dominion asks for, or favors in the slightest degree, "a *high* protective tariff" in the sense implied by those so fond of using the phrase as an argument against those who desire to see a patriotic national policy for Canada and home industry encouraged."

## Esquimalt Election.

This election is over. At two polling places Mr. Robertson commands a majority of votes. Although Sooke is not yet heard from, yet we expect him to head the poll there. Consequently we regard Mr. Robertson as senior member for Esquimalt. Next on the list of candidates is Mr. Harry Cogan, a young farmer—a thorough representative of his class. We consider that he has been elected as the second member for Esquimalt. He received at Esquimalt eleven votes, at Parson's Bridge twenty-two. Mr. Cameron received twenty at Esquimalt, and six at Parson's Bridge. So that would give Mr. Cameron twenty-six votes and Mr. Cogan thirty-three. The friends of Mr. Cameron claim that he has seven votes certain in Sooke, and that would make his total vote thirty-three. Now it is conceded that Mr. Cogan has six votes at Sooke. So that would give a majority of six. We may be mistaken in the result; but till Sooke shall have been heard from to the contrary, we shall consider that Mr. Robertson and Mr. Cogan are the members elect for Esquimalt district. Mr. Fisher polled a very good vote, and in the interests of the Protectionist party, it is a pity that he could not have been returned. As it is, it is certain that he has been defeated. Mr. C. B. Brown retired from the field early in the day,—and consequently the few votes cast for him were merely those of very intimate friends who threw them as a mark of respect for the man. Mr. Cunliffe only received a baker's dozen of votes; and as a farmer he could scarcely expect more, when running against the interests of the farmers. Messrs. Pratt and Gibbs retired long ago from the field. Hence their names merely came up in consequence of having been on the nomination roll. On the whole, we consider that Esquimalt is well represented; in the first place by a talented young lawyer, and in the next place by a respectable young farmer,—neither thirty years old. Success to Esquimalt.

C. A. Noltemeier has just returned from San Francisco with the best and latest styles of boots and shoes, which he intends to sell at low prices. Boots and shoes made to fit, and repairing neatly executed. Government street, next to St. Nicholas Hotel. *

**Buoys at Entrance of San Francisco Harbor.**

Information has been received that three Fairway buoys have been placed as a guide for vessels crossing the Bar, and entering San Francisco Harbor.

These buoys are placed in line with Fort Point, bearing N. E. ½ E.

OUTER BUOY, black and white, is outside the Bar in 13½ fathoms, with the Middle Buoy bearing N. E. ½ E. 1½ miles and Fort Point 10 miles distant.

MIDDLE BUOY, black and white, is in 8½ fathoms, with the Inner Buoy bearing N. E. ½ E., 1½ miles, and Fort Point 8½ miles distant.

INNER BUOY, black and white, is in 3½ fathoms between Bonita and Lobos points, with Fort Point bearing N. E. ½ E. 2½ miles.

FOUR FATHOM BANK—Also that the four fathom bank is marked by two black buoys.

The buoy off the west end lies W. by S. ½ S., 3½ miles from the buoy off the east end of the bank.

The east buoy is in 5½ fathoms, W. by S., ½ S., 3½ miles from Bonita Point.

It is said the west buoy cannot be depended on as remaining in position.

All Bearings are Magnetic—Variation 19° 50' easterly in 1871.

By Command of their Lordships

Friday, October 27, 1871.

## MARRIED.

In this city, on the 26th inst., at the residence of the parents of the bride, by the Rev. Mr. Pollard, Charles H. Robinson, Esq., of Olympia, W. T., son of S. Robinson, Esq., of Nottinghamshire, England, to Miss Mary Jane Jolley, of this city.

## Esquimalt District Election.

The election for this district, which had drawn forth more candidates than the election for any other, came off yesterday, but we have not yet received the full returns, as Sooke polling division is still to be heard from. The result of the poll in the Esquimalt and Parson's Bridge polling divisions is as follows:

| | Esquimalt. | Parson's Bridge. | Total. |
|---|---|---|---|
| Robertson | 45 | 23 | 68 |
| Fiske | 23 | 6 | 29 |
| Cameron | 20 | 6 | 26 |
| Cogan | 11 | 22 | 33 |
| Cautier | 4 | 5 | 9 |
| Brown | 0 | 5 | 5 |
| Gibbs | | | Retired. |
| Pemberton | | | Retired. |

The Returning Officer, Mr. Pooley, stated he would make the official declaration tomorrow noon, at Esquimalt. A synopsis of the election, and its probable final result is given in another column.

The Scotch seem not only to manufacture a considerable quantity of spirits annually, but also to refresh themselves liberally with the produce of their own industry. From a return just issued showing the consumption of home-made spirits in Scotland for the half-year ending the 30th of June last, it appears that the spirits on which duty was paid in that country for the first half year of 1871 amounted to 3,591,453 gallons: imported from Ireland and duty paid 25,263 gallons. The spirits sent to England for the same period amounted to 894,126 gallons, as compared with 821,050 gallons for the corresponding period of 1870; spirits sent to Ireland 9,246 gallons, as compared with 7,460 gallons for corresponding half-year of 1870; warehoused on drawback for exportation 137,044 gallons, and methylated 82,224 gallons, leaving a total of 2,496,601 gallons consumed in Scotland for the half-year, or fully three quarters of a gallon per head of the population including men, women and children. Under these circumstances it is surprising that the Scotch should become so excited as they have been during the past session respecting their "water bills," for it is quite evident that water can hardly be called their national beverage.—*Exchange.*

"Bogus Concerns."—The *Colonist* true to instinct finds fault with certain advertisements of a gift lottery, which advertisement appears in our columns. We would respectfully suggest to that journal first to cast the beam out of its own eye; how many bogus concerns has *it* advertised; how many equally bogus in its pages now?—to wit, the quack notices and obscene publications with which one side of the paper is almost filled. For these if payment be at all made, it is either in medicines or at prices so low, there is no excuse for them. We would also ask, what of the advertisements inserted without authority?—in most cases written within the precincts of Smith's Building.

A couple of months ago the Q, R, S, and T parties of the Canadian Pacifin Railway survey left Victoria, V. I, for the purpose of surveying the line west of the Rocky Mountains. These parties are under the charge of Engineers McLennan and Moberly, and, at last accounts, they were making fair progress with the work. A correspondent of the Victoria Standard with Q party writes an interesting letter in which he describes the country through which he passed in these words:—"There are several fine farms between Kamloops and this place, and thousands of acres of splendid land all ready for the plough, waiting for the husbandman to turn it to profitable account.—*Ottawa paper, Oct. 9th.*

Gov. Grover has been officially informed that Her Britannic Majesty's Consulate at San Francisco, which extended heretofore only to California, has been extended to Oregon and Washington Territory, and that James C. Flowerdew, Esq., has been appointed British Vice Consul at Portland. This is an important incident to the growing foreign commerce of this State, and shows a recognition by the British Government of the marked progress we are making in commercial development.—*Oregon Herald, Oct. 24th.*

Wa doubt the correctness of the following, taken from an exchange: It is a fact not generally known that all the gold sent east from San Francisco now comes through the mail bags. It is put up in small boxes, weighing two or three pounds, and each box is sent as a registered letter. In this way the cost of transportation is about one per cent., while the express companies charge five. One hundred thousand dollars thus passes throught the Omaha Postoffice daily.

The Lecture.—Miss Susan B. Anthony's farewell lecture on Woman's Suffrage, being free, was well attended last night. The lecturer in the course of her speech introduced several witty anecdotes which caused much laughter and applause. Miss Anthony accompanied by Mrs. Duniway, leaves to-day by the North Pacific on a lecturing tour throughout the Souad district.

An alarm of fire was raised, yesterday afternoon, at the Bush Tavern, Esquimalt road, as the voters were on their return to town from Esquimalt. Several persons jumped out from a passing waggon, but found the flames, from a chimney which was on fire, had about subsided. The inmates were much frightened.

Diocesan Church Society.—A meeting of this society was held yesterday afternoon at the Ladies' College, Coutts street; there was a fair attendance. Matters concerning church affairs were discussed. Some members were absent by reason of the unfavorable weather, other by reason of the election in Esquimalt district.

From the Sound.—The steamer North Pacific, Capt. Starr, arrived yesterday afternoon, at half-past three, from Olympia and way ports, with 30 passengers, 50 head of hogs, and a small mail. She will leave at 12 o'clock this morning on her return trip.

Gone at Last.—"Old George," one of our celebrated race horses of early days, and which belonged to Mr. J. T. Howard, had to be shot yesterday, cause, general prostration of the system. He was said to be 25 to 28 years old.

The California, from Portland, arrived at Port Townsend, yesterday morning, discharged freight, and proceeded up the Sound to Seattle and Olympia. She will arrive here some time on Saturday.

The Ninth of November races promise to afford a good afternoon's amusement. There are to be five races, including the usual Navy race. The programme will be found in another column.

For the Mainland.—The Enterprise will leave at 9 o'clock this morning.

School Meeting.—The school board for Cedar Hill school district, for the ensuing term, will be elected at a meeting to be held to-morrow, at Cedar Hill church, at 2 p. m.

The California.—Another statement is to the effect that the California will not touch at this port; that she will go to Bellingham Bay to load stone and sail for Portland direct.

The Alaska Commercial Co. have appointed Geo. A. Eades their agent and collector of Customs for the district of Alaska, vice Kapus, resigned.

Hon. Mr. Langevin was at Ottawa on the 7th, and left on same day for Quebec. He arrived at Montreal on the 9th, on his way through.

Capt. Cooper leaves on the Enterprise this morning to place the buoys of the sands at the mouth of the Fraser River in their proper position.

Trading.—The sloop Thornton, Capt. Brown, sailed on a trading voyage to the North-West Coast yesterday.

Torrents of Rain.—A heavy and incessant rain fell here all day yesterday.

## Marriage from the Money Point of View.

[From the Victoria Magazine.]

Now-a-days a young man has stern work enough to clear a road for himself, since there are scores of eager competers for a mere living for one. Were it not for heedlessness, and the pressure of passion, marriages would be less frequent. The lower we step in the social scale the more we see the contract recklessly formed—large families hanging a pitiable load about the necks of young couples. Much abuse has been lately lavished on men's selfishness in holding back from a marriage. On the contrary a man would be really selfish desiring to wed a girl and introduce her to a life of comparative penury, however much she may believe it in her power to enjoy the new life and its responsibilities. Nothing truer was ever said than that the happiness of life is composed of a multitude of trifles. Now where there is a chronic want of cash, each of these small things assumes the shape of an annoyance or misery. But, maintain the supporters of poor, early marriages (they are usually synonymous), in legislating for the weakness, inability, and selfishness of (we will grant) a majority of young people, you are tarring with the same brush many who desire and could well and happily face married life on what to them would be an adequate income. This is indeed an unanswerable reply to the Union Bank directors. You must not do evil that good may accrue. There must be free-trade in marriage, the master protecting himself as he best can against the effects of his employe's imprudence. There seems nothing to hinder a reward being held out by the former to the latter, that avoidence of the fatal noose till enough filthy lucre be yearly amassed, shall ensure a small dowry from the Bank's cellar to the careful youth who only yields a Dan Cupid's solicitations after some years of sober toil. The question is far more who the poor man marries than when and on what he marries. He must have a genuine helpmeet, who can smile over the ruggedness of a Spartan home, "find sermons in stones, and good in everything." If these two join hands, their united lives will prove healthier, better, more prosperous; but woe! woe! if energy and patience are on one only, or, what is more common, on neither side. Protestations, fears, and warnings showered on the nascent affection of intending couples (where income is scanty) carry this meaning—there are thousands of marrigeable women in our redundant island, but the precious jewels are few and far between, Sir, beware! Extravagance is admittedly one of the bad tendencies of the time. A host of unnecessary luxuries fosters a dangerous craving and a lamentable expenditure. Few of us are strong enough in mind and deed to escape the contamination, and, standing alone, fall without murmuring the highest duties, and enjoy the best and simplest pleasure life holds in store. Two great questions are now being hotly discussed—The Higher Education of Women—Their Entry into the Professions. Few will dispute that the young man of limited income is better able to meet the consequences of *poor* married life than the young lady he may induce to embark with him on the perilous craft. Any why? Surely from his tougher, wider, and deeper experience, whether by the teaching of books or the world. If, then, with these advantages the young man of the period escapes the period's detracting influences, we may pity but not justly condemn the young lady who falls under their sway. Higher education may do much for her, but can it counterbalance from these subtle influences for ever at work? Education, true education of the heart, is a desideratum, and it seems questionable whether this training, as well as loftier mental training, will not be dangerously combated by social agencies tending forcibly to make women artificial, and like hot-house flowers, unfit for the rough blasts of out-door life.

## India.

News from Bombay says that an extension of the term of office of Sir Seymour Fitzgerald is considered probable. Preparations are being made for a durbar to be held for the hill chiefs at Simla by the Viceroy. The The force to be assembled in and around Delhi for six weeks in December and January, will, it is stated, consist of about twenty regiments of infantry, nine of cavalry, and eight batteries of artillery. The cost will not exceed £20,000. Reports had been received from Mr. Rivett-Carnac of the prospects of the cotton crop in the Central Provinces and the Berars. All cause for anxiety lest there should be a short crop in those Provinces seems now to be removed. The plants are thriving everywhere except in districts comprising only about one-quarter of the area sown with cotton, and even where the rainfall is still insufficient there is room for hope that the crop may yet turn out well. Coal had been discovered in Rajpore and Kummun, in the territories of his Highness the Nizam Miners had been sent to ascertain the extent of the seams. The yield of opium in the Behar and Benares agencies will, it is now said, fall short of the original estimate (55,724 chests) by 14,000 chests. His Highness Mulharao was formally installed as Guicowar of Baroda. Three of the Hindoos who joined in the murder of the Rajkote Mussulman butchers had been sentenced to death, and some twenty others to transportation or long terms of imprisonment. These also have been hanged for the Bareilly murders. The Shah is again said to have asked for the services of Indian officers to drill his troops. But his Majesty refuses to pay those officers, so the Government of India declines the bargain. The Ameer of Afghanistan and his son Sirdar Yakoob Kha appeared to be on more cordial terms, though nothing definite regarding terms of reconciliation had transpired. Sirdar Aslum Khan, concerned in the murder of General Feramorz Khan was now in Cabul in irons. The Birmah newspapers maintain that the report of threats uttered by the King of Birmah against Major Sladen had been fully confirmed. The deaths are announced of Colonel Boileau, Superintending Engineer, Madras Presidency. Captain J. P. Basevi, R. E., at Ladakh.

*SPECIAL TO THE DAILY STANDARD.*

## LAST NIGHT'S DESPATCHES.

### EUROPE.

Paris, Oct. 24—The Duke D'Aumale has been elected President of the General Council of the Department of the Oise.

M. Lockroy, Council at the Department of the Seine, made a motion to-day in favor of the amnesty of the Communists.

The Bonapartists intend to agitate the impeachment of the Government of the 4th of September; the dissolution of the National Assembly, and advocate plebiscitum to decide the future form of Government.

Berlin, Oct. 24—In the sessions of the Reichstag, Von Roon, Minister of War, in answer to an interrogation, stated that two-thirds of the infantry reserves would shortly be permitted to return home.

Darmstadt, Oct. 24—The Court Theatre caught fire this afternoon, and is now wrapped in flames. A heavy easterly wind is blowing, and it is feared that the flames will spread to the adjoining buildings.

Later—The fire is rapidly spreading; the Theatre is entirely destroyd. The arsenal is in danger, and the troops have evacuated it.

London, Oct. 25—For the Chicago Relief Fund Nottingham gives £2,000 sterling; Kidderminster, £5,000; Edinburgh, £1,340; Perth, £1,200; Dumfermline, £1,500.

Theatrical benefits and representations are given everywhere. Clarke and other American stars are participating warmly in the movement.

The Mansion House fund approaches 30,000 pounds.

The leading journals receive columns of the particulars of the Chicago fire, by telegraph from Queenston.

The Marquis of Westminster and others of rank, have given large contributions.

The *Times* suggests the appointment of an impartial commission to settle any International difficulty which may grow out of cases like the Horton. It believes that any complications could be compromised promptly.

### EASTERN STATES.

New York, Oct 24—The Grand Jury to-day considered the subject of indicting Mayor Hall for malfeasance in office. Censure was passed on him for negligence in the discharge of the duties of office.

The Lamar Insurance Company suspended to-day.

The challenge race between the Dauntless and the Livonia to-day, for a purse of 50 guineas, was won by the Dauntless by 11 minutes and 3 seconds.

Washington, Oct. 24—A petition was received at the Executive Mansion to-day, fifty feet long, signed by the women of Utah, protesting against polygamy, and urging that effective measures be taken to suppress the practice in the Territory.

The census report is complete and in press.

The conversation in the Cacinet to-day, relative to the Horton, our Government sustains the course of Minister Bessett.

Rochester, Oct. 23—Extensive fires are prevailing in Monroe, Genessee, Wayne and Seneca counties; wind blowing a gale; much anxiety is felt. Throught the burning district the smoke obsures the sun to such an extent that lights have to be used during the day time.

Reports are constantly coming in of fires in all direc ions.

St. Louis, Oct. 23—The National Police Convention has adopted a resolution declaring that the legal treatment of the social evil at St. Louis has worked beneficially, and recommending it to the serious consideration of the cities of the United States as a mode which has, in its practical operations, proved salutary in its effects upon society, and served to ameliorate the condition of the unfortunate class without prejudice to the morals of the community.

Milwaukie, Oct. 22—A meeting of the Relief Committee was held last evening, to meet Fairchild and Col. Robbins, of Green Bay.

Col. Robbins stated that the fire extended in Pennesula over a tract 50 miles long by 12 wide. On the west side of the Bay it was confined to Peshtigo and its vicinity. The people of Pennesula all gathered at Pemonee, on the east shore. The greatest suffering exists from 10 miles north of Green Bay to Little Sturgeon Bay.

Governor Fairchild said he telegraphed to the Secretary of War, asking to issue 100 sets of harness and 1000 uniforms for destitute people, and received a favorable reply. Gen. Sheridan told him when our people had done all they could, he would issue rations and keep supplies on hand to draw from $50,000 would be raised here, $25,000 in New York, and probably over $100,000 would be in hand for the relief of the sufferers. Immense supplies of men's clothing came forward. There was great need now for heavy clothing for women and children.

Cairo, Ill., Oct. 22—At Union City, Tenn., last night, while the passengers of the train of the Middle and Ohio railroad were at supper, three men jumped on the engine and ran the train two miles; two others entered the express car, overpowered the only man left in charge, and robbed the safe of $4000 and escaped.

New York, Oct. 22—The *Herald's* special from Columbia, S. C., states that information has been received from Spartanburg and Chester, saying that great excitement prevails, owing to the summary proceeding of the U. S. marshall and troops; 44 citizens have been arrested and crammed into jail, already full of negroes. Several hundred citizens deserted their homes in consequence of the wholesale arrests, and sought refuge in the woods until an opportunity presents itself of seeking safety elsewhere. A reign of terror exists in that entire section of the State. Depredations are being committed on the property of citizens, by negroes and evil disposed persons.

A fight is said to have taken place on Broad River, between a band of Ku-Klux and United States troops, and the conflict is said to have been severe. Reinforcements have been called for.

Chicago, Oct. 22—The funeral of Col. Grosvenor took place to-day; he was buried with Masonic rites; the attendance was large. The coroner's jury was in session several hours to day, and examined a number of witnesses. The captain of the company to to which Frest belongs testified that he told his men if obliged to shoot, that they should aim at lower limbs, as they did not want to kill anybody. The perpetrator of the deed evinces no compunction, and says he took deliberate aim at his victim, and was merely obeying orders, and thought he was only doing his duty.

Washington, Oct. 21—Advices received from South Carolina say the Ku-Klux party, 700 in number, surrendered to U. S. Marshall Johnson. Up to Friday morning, 70 arrests had been made in the vicinity of that town. Attorney General Ackerman is still with Col. Merrill, and a number of well-known citizens are missing, including Lyle, a member of the Legislature, who is reported to be chief of the Ku-Klux for that district. Among those who have disappeared are two or three clergymen known for their strong rebel proclivities. The officers of the law are proceeding steadily with the work before them. When the arrests are all made, they will show the existence of a deep and wide conspiracy against the State laws, and all will sustain them. Most of the Ku-Klux refugees are known to have gone to Georgia, where the order is quite strong.

New York, Oct. 22—Rioters in the interest of ex-Sheriff O'Brien disturbed the Tammany meeting last night, and were dispersed by the police.

The losses of the suspended North American Insurance Co. are estimated at from $600,000 to $700,000; assets, $800,000; and it is hoped all losses can be paid.

New York, Oct. 24—During the race yesterday, the yacht Resolute sailed over the course, beating the Livonia throughout. Ashbury wrote to the Yacht Club; he claims a continuation of the races. The Livonia will be posted to-day for the fifth race; if no yacht is there, she will sail 20 miles to sea and back, and will do the same on Wednesday. The committee decides that no more contests shall take place for the Queen's Cup.

The *Herald* says the Dauntless will sail with the Livonia to-day.

F. Tiernan is third candidate for the Assembly in the 8th district; Samuel G. Ridden will be a candidate from the 7th district.

The Republican Convention last night warned the nominating committee to look out for bad faith on the part of the organizations with which the committee may confer. The German leaders are not acting in the interest of Reform, according to the *Tribune*. That paper says their conduct tends in the direction of the Tammany Reformers.

The 19th Assembly district has tendered Chas. O'Connor the nomination for the Assembly. O'Connor declares his wish to accept, but asks a few days before giving an answer.

At Belleville, N. J., a disturbance occurred between Chinese employed in the laundry business in that place, and some laborers. The Chinese fired on the assailants. One of the rioting party was arrested. A Chinese boy was dangerously wounded.

Chicago, Oct. 54—The Chicago papers bring strong pressure to bear on the local Insurance Companies, to force them to keep faith with their customers. Many companies like the Republic, whose stockholders are the wealthiest citizens of the West, are preparing to settle without collecting the balance due on notes of stockholders. The Republic Co. publishes a card defending its action, and proposing to pay 25 per cent.; but the effort to shield the stockholders from liability is likely to prove fruitless. Suits will be brought against individual stockholders, and they must pay or put in bankruptcy.

New York, Oct. 24—Leading dry goods merchants of Chicago meet here in a day or two, to consult with dealers here concerning present obligations and future transactions.

The Boston Republican State Central Committee have issued an address. They speak in high terms of the policy and administration of Grant.

President Grant declines attending a reunion of the Society of the Army of the Cumberland, at Detroit, Nov. 16, on account of pressure of official business.

The Methodist Episcopal Clergymen meeting at the Book Concern yesterday, was addressed by the Rev. Mr. Reid of Chicago, who stated the denomination loss by fire was $324,000. A committee to raise a loan in New York, to aid in reconstruction of property destroyed was appointed.

A despatch from Niagara Falls says: "The woods six miles above and between La Salle and Farranda, was on fire all yesterday; the woods covered an area of 2 miles.

Henry Ward Beecher, Dr. John Hall and others, issued appeals to the Sunday Schools of America for contributions to erect a new mission building in Chicago.

New York, Oct. 23—A special to the *Times* from Scranton, Penn., states: Mr. Devlin in attempting to deliver an anti-Catholic lecture on the public streets on Saturday night, was compelled to retire from the attack made upon him by the crowd. Yesterday he attempted to speak again, when he referred to the Catholics as thieves, cut-throats and murderers. The box on which he stood was kicked from under him, he fell to the pavement, he was seriously hurt and was withdrawn under the protection of the police. There is much excitement in the town.

A long list of the missing vouchers is printed, embracing over 3,000 in all, representing in detail immense sums. Ingersoll & Co., appears on the list for a total of $1,900,000; G. S. Miller for $1,400,000; A. J. Garvey for $2,000,000; Bollar & Co. for $950,000 A.G. Moral, $50,000; Keyser & Co. for about $700,000, and so on.

### CANADA.

Halifax, Oct. 24—A large bark is reported ashore on New Harbor ledges; no tidings of the crew.

Two vessels are ashore at Pope's Harbor, two at Marie Joseph, and one at Bickerton.

### CALIFORNIA.

San Francisco, Oct. 24—Arrived—Forest Queen, Port Townsend.

## The Carlists.

In view of the threatened advance of the Carlists into Spain, indicated by late advices from Madrid, it may be interesting to know something definite regarding a faction which has had more or less connection with Spanish affairs for the last fifty years.

DON MARIA ISIDOR CARLOS DE BOURBON

was the second child of Charles IV. of Spain and was born March 29, 1788. After the expulsion of the French his elder brother, Ferdinand VII, resecended the throne. His three marriages having produced no issue, Don Carlos naturally began to cherish hopes of succeeding to the crown. In 1825 an insurrection in his interest was set on foot in Catalonia, but he himself had nothing to do with it, and it was speedily suppressed. The fourth marriage of Ferdinand resulted in the birth of Maria Isabella, the present ex-Queen of Spain; and the Salique law excluding females having been abrogated, the prospects of Don Carlos were antibilated. During the sickness of the King in 1832 he was induced to put this law in force again; but when he recovered it was a second time abolished, making the way clear for Isabella. Don Carlos, however,

CONTINUED HIS INTRIGUES,

and was banished to Portugal, and afterwards ordered to reside in the Papal States; but before he departed for Italy, Ferdinand died, (September 26, 1833), which event brought matters to a crisis at once. Don Carlos was not only recognized by his friends as heir apparent to the Spanish throne, but Don Miguel of Portugal sustained his claims. On the 14th of October, 1833, he was declared a rebel and the following year a quadruple alliance was formed between France, Spain, England and Portugal, which supported the rights of Isabella, and banished both Don Carlos and Don Miguel from Portugal. The former went to England in June, 1834, but, returned the next month and entered Spain in disguise, raising an insurrection in the northern provinces. The movement failed, and the author of it was compelled to take refuge in France. In 1836 his claims to the succession were formally submitted to the Constituent Cortes and unanimously rejected; but Don Carlos never abandond his pretensions, and kept up the pompous ceremonial of a court at Bourges, where he resided. In 1834 he abdicted in favor of his eldest son, and in 1841 he retired to Trieste, where he died March 10, 1855.

DON CARLOS, THE YOUNGER,

Commonly known as the Count de Montemolin, was born January 31, 1818, and in April, 1840, attempted to pass in disguise into Spain, but was arrested and imprisoned for a short time at Perpignan. In 1860 a Carlist insurrection again broke out, which led to the arrest of both the Count and his brother Ferdinand. The former was induced to sign an instrument renouncing all his claims to the throne, but Ferdinand formally protested against the renunciation, and it is probably his friends who are now threatening to inaugurate civil war. The attempt will amount to nothing, for Spain has had more than enough of the Bourbon family.

## Gazette.

(DATES TO OCTOBER 10TH.)

A meeting of the contributors to the Papal gift took place in the Chapel of Ease in the R. C. Cathedral, as the final action in connection with the affair. There was a large audience present, and several gentlemen delivered eloquent addresses. The address to the Pope, which will be immediately sent to Rome, is beautifully gotten, and handsomely bound. The money gift, which amounts to upwards of $800, will be sent at the same time.

The great return cricket match between Montreal and Ottawa took place on the 9th, at Ottawa; Montreal proved victor.

The excitement was intense in the Dominion capital on the receipt of the news of the Fenian incursion into Manitoba. Arms were plentiful in Fort Gary, and the inhabitants were sure to make short work of the invasion.

The *Northern Journal* is a new paper, issued at Montreal on the 6th for the first time.

Montreal, 8th October—The fall trade being nearly over, wholesale houses are beginning to close regularly on Saturday at one o'clock.

The weather is very cold.

## The Arctic Expedition.

The New York *Herald's* correspondent in Newfoundland sends the following copy of the report made by the United States ship Congress on arriving at Disco, 10th August, where she met with Captain Hall's exploring expedition:—

"We passed hundreds of icebergs, but encountered no pack ice. As we advanced day became perpetual. The sun seat behind the horizon but a short time, and the twilight was sufficient to read by all night. The displays of the aurora borealis were extremely grand; meteoric lights, assuming magnificent arches, columns, scrolls and spiral stairways. We found the Polaris at Disco but six days in advance. Captain Hall, with eighty Esquimaux, boarded us a mile from the harbour. Captain Hall and his men are in good spirits and sure of success. Some trouble has arisen between Captain Hall and his scientific associates as the special object of the expedition, which threatened to be serious, but by the judicious and firm interposition of Captain Davenport, who laid down the naval law and stated that the paramount object was getting to the North Pole, harmony was restored. The Polaris sailed August 17, in the afternoon, amid cheers from the Congress. Captain Hall, instead of going via Jones' Sound, will keep to the west side of Smith's Sound, as there are ice drifts southwesterly, which delayed Dane's advance, and, as the season is open he hopes to get through this year. The Congress remained eight days at Disco and found the regular summer in Greenland. Disco is the official residence of Inspector-General Smith, of North Greenland, and who received the Congress with a salute of fifteen guns. When we presented Secretary Robertson's letter, stating the object of our co-operation of the Danish visit and soliciting authorities, it was cheerfully accorded. The stores which the Polaris could not take were left in Inspector Smith's care at Disco. The Esquimaux at Disco live comfortably. The women wear breeches and high top boots, the men are industrious, the children attend school, and all are Lutherans. On Sunday the Inspector and wife, Captain Hall and crew, and 100 Esquimaux, in holiday attire, attended divine service on board the Congress. Dr. Newman preached."

DR. CHENG FUN—A CARD—EDITOR STANDARD:—Through the medium of your paper I want to state the very great good that has been done me by Dr. Cheng Fun of this city, next door Kwong Lee & Co. For 24 Years I suffered with neuralgia on the brain, which baffled the skill of three first-class American physicians. Latterly bronchitis attacked my right lung, and my eyes became awfully inflamed. Despairing of ever being cured I placed myself as a last resort in the hands of Dr. Cheng Fun, and after five months treatment I am well and feel that I cannot sound the eminent Chinese gentleman's praises too loudly, so that all my benighted countrymen similarly affected may visit and find relief. Respectfully,
JOHN MENTON, of Kentucky, U. S.
